The full band is six musicians on stage :

Isabelle (guitars + vocals), Jean-Michel (drums)
François (doublebass and bass)
Lea (cello), Guido (violin), Emma (alto)

We very often are less than that on stage: we can also be 1, 2, 3, 4 or 5. But we keep the same map, just remove absent musicians.

Important remarks:

We play “indie-folk” music, sometimes with an electric guitar but our sound is definitely acoustic.

The overall volume remains quite low. In case of noise restrictions, we can almost play at an acoustic level, removing elements from the drumset for instance. In small spaces, we can remove most amplification. We can also play with less monitors.
